30.06.11

Lead Partners asked to nominate a speaker for their panel at the POWER Final Event and confirm the persons, name, title and contact details to Janet Borgers. This person needs to be available on the afternoon of 20 September and all day on 21 September.

01.07.11

Sub projects provide preliminary results of Policies/Strategies influenced or to be influenced in the form of recommendations of policy change and the good practices successfully transferred or with potential to be transferred (ie: what ideas did you adopt from other regions, what ideas did you export to other regions)  
*send to [power@seeda.co.uk](mailto:power@seeda.co.uk)*

2/25.07.11

**Desk review**

Regional Policy Experts conduct a 'desk review' of the sub project results: policy recommendations and good practices. *Some regions are holding regional events to go more in depth to the detail and providing the opportunity to ask questions early July.*

27/28.07.11

**PWG:** Regional Policy Experts and Regional Correspondents meet to draw out the policy recommendations, cross cutting themes and agree who needs to be engaged and involved in the POWER Final Event to influence and provide the best opportunity for these recommendations to be adopted across the regions and to finalise the communications plan. This will form the basis of the Regional Road Maps which will be presented at the final event and available for the future in electronic format.

Early 08.11

Invites go out to stakeholders for the main POWER final event in Brussels on 21 September – to assist with logistics, please register on the POWER website

↓  
20.09.11

#### Afternoon Briefing (invite only meeting)

Briefing session to introduce panel members and speakers and run through the format and familiarize yourself with the venue, ready for the following day at the public meeting (which is open to all).

There will be 4 panels, each led by a facilitator and made up of sub project representatives, (*note the sub project representative is the person nominated by your lead partner*) a regional representative, beneficiary and an influential speaker in the field, during the morning of 21 September.

The facilitator will introduce the theme in the context of POWER and then provoke a discussion through a series of questions to portray the story of the theme and what the POWER sub projects achieved and how this benefited the region.

#### PANELS:

- Eco Innovation
- Energy Efficiency and Renewable Energy
- Sustainable Transport
- Behaviour Change.
